WAR WITH JAPS IS POSSIBILITY THINKS ENGLAND

GREAT BRITAIN MAKING PREPARATIONS TO GET OUT OF CONFLICT.

THE TREATY WITH JAPAN

Would Involve Her as an Ally of That Nation, But Loophole is Found in Document.

Washington, July 10.—The Japanese embassy authorizes an emphatic denial of the report from The Hague that Japan has notified the United States that if it could not control the situation in San Francisco, the Japanese government would feel at liberty to deal with California direct.

London, July 10.—England today acknowledges a possibility of a war between the United States and Japan. Confession of this belief is significantly evident in preparations being made by the government to prevent Great Britain from being drawn into such a conflict despite her treaty with Japan. A diligent study of the treaty has found a loophole whereby England may evade on a technicality the giving of assistance to her ally except in contingencies too remote to consider.

For the first time since the dispute between the nations arose, the English newspapers today speak of war as a possibility. Now, discussing the attitude Great Britain must assume in the event of hostilities they show their real fear.

CONGRESSMAN HULL DISCUSSES SITUATION

Des Moines, Ia., July 10.—"Neither Japan nor the United States want a war at this time," said Congressman J. A. Hull. Mr. Hull is chairman of the house committee on military affairs. "There is a big element in Japan who would welcome war, but the ruling classes are too wise to pick a quarrel with the United States. If there is war we will at first lose the Philippines and the Hawaiian Islands, but we would triumph in the end, for the United States would build warships and fight out a victory. We are the only nation which can conduct a war and get rich at the same time."

"PEACE" THE WORD OF JAP ADMIRAL

New York, July 10.—"Peace" is the word that epitomizes Admiral Baron Gomei Yamamoto's first interview in America. The admiral was the Mikado's minister of marine during the war with Russia. He arrived today.

"I wish you would all do your best for peace," were his opening words to newspaper men. "I sincerely hope and believe a peaceful settlement will be reached to all differences between the countries," he said. The Japanese admiral will be President Roosevelt's guest at Oyster Bay Friday.

DOCTOR'S ATTEMPT TO OPERATE ON HIMSELF MAY DIE

Columbus, O., July 10.—Dr. F. C. Stickney, of Kilbourne, Delaware county, is lying at Grant Hospital minus his right leg, and all because he attempted an operation on that portion of his anatomy without assistance, other than cocaine, to relieve the pain. Several days ago he discovered a floating cartilage near the knee joint and proceeded to remove it. The wound became infected, and blood poisoning set in, necessitating his entering the hospital, where the surgeons found it necessary to make the amputation.

FLATTENED

On the Roof of the Flyer, Making 90 Miles Per Hour, Uchins Beat Their Way.

Toledo, O., July 10.—Spencer Cone and W. J. Verner, boys from Cleveland, have set a new standard in beating their way on railroad trains, and incidentally performed a feat that amazed Lake Shore detectives, who arrested them on their arrival here.

These two boys caught the Twentieth Century Limited out of Cleveland last night, crawled on top of the

A FEARFUL ACCIDENT

PHILADELPHIA, July 10.—Thirty to forty persons are reported killed in a collapse of the Bridgman Brothers' Pipe factory, at 15th and Washington avenue this afternoon. Ambulances and patrols, from hospitals and police stations, and four trucks from the engine houses have been rushed to the scene. The work of recovering the dead was begun almost immediately, and at 2 o'clock 15 men were lying on the pavement awaiting conveyances to take them to hospitals. Wagons and push carts were pressed into service and they were rushed to the Howard Hospital, where it was found that eight of them were dead and the other seven severely injured.

In the receiving wards of the Howard, Polyclinic, St. Agnes, Methodist and other hospitals men bleeding and bruised lay on the floor after the cot and stretcher supplies had been exhausted. Fourteen bodies had been received at 2:45.

The section of the factory which collapsed was a four story concrete addition in course of erection. Nearly one hundred workmen employed by the constructing firm having the work in charge were caught by the mass of falling bricks and mortar and all received injuries that in many cases proved mortal before they could be extricated.

The number of dead cannot be estimated at this hour. There are two score of workmen unaccounted for whose bodies are believed to lie in the masonry and twisted iron.

roof of one of the coaches, and in this perilous position rode to Toledo. At points along the road the limited makes 90 miles an hour.

"It was a tough job, all right," explained Cone, "but we just flattened out and braced ourselves as much as we could. Once or twice I thought we would be blown off and be dashed to the ground, but somehow we managed to stick." They were fined \$5 and costs in police court.

INDICTMENTS RETURNED.

Chicago, July 10.—The Federal grand jury today returned indictments against the Santa Fe railroad alleging that it granted the United States Sugar and Land company \$25,000 in rebates. These indictments contain 65 counts. An indictment was also returned against the E. H. Stafford Furniture company in connection with the Furniture Trust cases. The concern is charged with violating the Elkins anti-trust law.

CONFLAGRATION IN PITTSBURG

Pittsburg, Pa., July 10.—Fire this morning destroyed the plant of the Cream City Woven Wire company, with a loss of \$80,000; also the plant of the Gausman Machinery and Metal company, \$15,000. It spread to the thickly populated tenement district on Rebecca street, and a number of houses were destroyed. At noon the fire was still raging and the entire fire department was called out to fight the flames.

The fire was controlled this afternoon. Total losses estimated at about \$150,000. Several persons sustained injuries.

SHEET OF PAPER

Containing a List of His Intended Victims All That Was Found in David's Trunk.

Knoxville, Tenn., July 10.—L. E. Davids, electrical inspector for the Knoxville Board of Fire Underwriters and assistant city electrician, was left Knoxville for parts unknown and Chief of Police Chandler is trying to get him back at the anxious request of numerous people who kindly cashed checks on various banks for Davids Saturday night. Thus far the amounts discovered aggregate over \$800. Davids' trunk was opened, but in it was nothing but a sheet of paper on which was a list of the names of his intended victims, and it developed that most of them were caught by checks.

TO PAROLE CASSIE FROM PENITENTIARY

Cleveland, O., July 10.—Efforts are being made to secure the parole of Cassie Chadwick "Queen of Finance" from the federal prison at Columbus. Cassie's health has been very bad, and it is said that the prison managers will parole her if the authority can be found.

Held on Suspicion.—Others who are accompanying King Edward and Queen Alexandra on their tour of Wales took a suspicious acting individual into custody. The man had hidden in the bushes alongside the approach to the residence of Sir Richard Bulkeley, just before the arrival of the king and the queen. As soon as he was discovered he made frantic efforts to escape, but was captured after a lively chase and lodged in jail. The police had difficulty in protecting the prisoner from the vengeance of an excited crowd. The identity of the man has not been divulged.

KNIGHTS TEMPLAR OPEN TRIENNIAL CONCLAVE

DECORATIONS IN BROADWAY, SARATOGA IN HONOR OF KNIGHTS TEMPLARS

RECEIVED \$5 FOR RETURNING \$10,000

Detroit, July 10.—Fred Duchene, night clerk at the Hotel Renaud, picked up a package containing \$10,000 in bills in a bath room. He discovered it belonged to Charles Smith, a boarder. Duchene handed over the money and received a \$5 bill for a reward.

SPRINGFIELD SELECTED

Toledo, July 10.—Springfield was selected by the Ohio Odd Fellows in convention Wednesday as the place for holding the next session, the second Tuesday in July, 1908. Newark and East Liverpool fought for it in vain.

Toledo, O., July 10.—Like boys at a Sunday school picnic, the delegates in attendance at the annual session of the Grand Encampment of I. O. O. F. enjoyed themselves at the fish banquet and outing at the Casino yesterday afternoon.

Last evening they attended regular meetings of Toledo, Corn City and Northern Star lodges. Following the escorting of the Grand officers from the Body House to the Temple the first session of the convention was called to order at 10 a. m. The visitors were welcomed by Mayor Brand Whitlock and John A. Carver, the response being made by Grand Patriarch Charles E. Miller. Judge Kora of Irons, was nominated for Senior Grand Warden and Patriarch Whitehead of Springfield, for Grand Trustee. The election will be Wednesday.

Newark appeared to lead in the contest for the 1908 convention. Tank of Oil Abnaze. Houston, Tex., July 10.—A tank of oil containing 100,000 gallons, owned by the Security Oil company, at Gladys Field, near Beaumont, caught fire from sparks and is still burning. There are six other tanks in close proximity in danger. There is little hope of stopping the fire, and the loss will be heavy.

JURY COMPLETED TO TRY OFFICER

Of the Pacific States Telephone and Telegraph Company on Charge of Bribery.

San Francisco, July 10.—The jury to try Vice President Louis Glass of the Pacific States Telephone and Telegraph company on the charge of bribing Supervisors Charles L. Baxton with \$3,000 to vote for the withholding of a franchise to the Home Telephone company of San Francisco, has been completed. The jury is composed of the following men: Patrick Lyons, retired merchant; John F. Robinson, grocer; Michael A. S. photographer; George A. K. architect; John H. North, manager; John W. Shields, retired police agent; Jacob W. Wertheimer, dealer; William Warneke, contractor of preserves; William Wolcott, retired manufacturer; John P. McAllum, lumber merchant.

A. O. U. W. SUSPENDS.

Dayton, July 10.—The grand lodge of the Michigan A. O. U. W. has suspended its charter and has asked the commission of insurance to appoint a receiver. The society owes \$160,000 and its claimants will get about 50 cents of the dollar. High rates and lack of new blood wrecked the order.

THE WITNESSES IN HAYWOOD TRIAL WILL TRY TO SHOW

THAT McPAILLAND MADE AN ATTEMPT TO FABRICATE TESTIMONY.

ORCHARD MADE THREATS

Against Ex-Governor Steunenberg They Say—More Depositions Read in Trial.

Boise, July 10.—Charles H. Moyer, president of the Western Federation of Miners, jointly accused with Wm. Haywood, secretary, of the murder of ex-Governor Steunenberg, took the stand today to testify in behalf of Haywood in the latter's trial. Moyer entered the court room escorted by a deputy sheriff. He looked bright and composed, but showed the effects of 17 months of confinement. His early examination was devoted to the relating of the witness' early history and his connection with the Miners' Federation.

Boise, Ida., July 10.—A portion of the session of court in the trial of William D. Haywood was given over to the reading of the record of the San Francisco depositions. Those men who built the Lindhorst flats, the plumbers who put in the lighting system, the firemen who came after the explosion and the contractors and their men who made the repairs, all deposed at great length and detail. The weight of their tales seem to favor a gas explosion. The last of the deponents knew Harry Orchard and from him heard the story of the Hercules mine with the usual threat that he was going to fix Steunenberg for driving him out of the country.

Counsel Darrow of defense charged that Detective James McParland has been guilty of an attempt to manufacture testimony against William D. Haywood, but was unsuccessful in getting the basis and details of the charge before the court and the jury. Alva A. Swain, a newspaper correspondent, who represents the Pueblo Chief, in Denver, was called to the stand and questioned as to a conversation he had with Detective McParland in Denver last fall. Senator Borah for the state objected to the conversation, on the ground that no foundation had been laid for it. Darrow said that the testimony was offered for the purpose of showing that there existed a conspiracy between the mine owners and the Pinkertons to secure a conviction and execution of the prisoner. "McParland executed this witness in an attempt to manufacture testimony," he declared, "and I believe we have a right to show it."

SIX YOUNG MEN DROWNED IN BAY OF PENOBSCOT

Bangor, Me., July 10.—Six young men of a party of seven were drowned in Penobscot bay by the capsizing of the sloop Ruth E. Cumcock of Brooksville. The victims are: Harry Dugan, 18, of Bangor, sophomore in Bowdoin college; Amos Robinson, 17; Raymond Smith, 19; Frederick Ringwall, 19; Royal Palmer, 19, all of Bangor, and William Vague, 21, of South Brooksville.

The six Bangor youths recently went to the Hensley retreat at Sandy Point to spend the summer. They were invited by William D. Vague of South Brooksville to take a sail in his boat to Islesboro. The sloop had reached the point off Caswell when she was struck by a sudden squall and capsized. Laurence D. Hall of Bangor succeeded in clearing himself of the craft, and after swimming for three-quarters of an hour was rescued by a tug. The others sank within a few minutes. The victims were members of prominent families.

CHARGE OPERATOR

With Acting With Mrs. Laura Carter in the Disposition of Stolen Funds.

New York, July 10.—The police arrested Jack Kikston, 22, a telephone operator, on a charge of acting with Mrs. Laura Carter in receiving and disposing of \$7,000 stolen from the Western Trust company by Chester B. Rutan. The complaint was signed by G. W. Yarnall of the trust company. Kikston is the man for whom the police have been looking for several days. Kikston said that he had lived with Mrs. Carter in a flat in West Sixty-sixth street for about a year and a half, until recently she told him she had a "good thing" and he left her.

King Edward has granted a pardon to Colonel Arthur Lynch, who was sentenced to life imprisonment in 1902 for being found in the Irish bog on the side of the Boers in the South African war.

In Response to Dream. Cleveland, O., July 10.—In response to a dream in which his dead wife called to him to join her, John Acter, 59, shot and killed himself. Just three weeks ago his wife ended her life by taking carbolic acid.

Coachville, Tenn., Marshal Jenkins shot and killed his uncle, Newt Marshall. Domestic trouble.

PROPOSITION HELD UNFAIR

French Dissect Tariff Offering Of
the United States.

DISSATISFIED WITH DRAFT

Counter-Proposition to Follow, the
Paris Government Holding the Con-
cession Made By Uncle Sam Dispro-
portionate to What Is Asked—Out-
line of the Agreement.

Paris, July 10. — The tariff agree-
ment between France and the United
States, brought here by Ambassador
Jusserand, has been examined by the
French government. The impressions
created by the provisions of the agree-
ment are unfavorable, and it is almost
certain that France will conclude that
the tariff concessions asked for by the
United States are entirely out of propo-
tion to what she offers. The propo-
sition made by the United States is
practically limited to placing cham-
pagne on the list of articles included
in the agreement of 1898 and entitled
to a 20 per cent reduction under the
reciprocity clause of the Dingley law,
while in return the United States asks
the minimum tariff on shoes, tools,
machinery, etc. French officials are
of the opinion that the reduction of
the duty on champagne, while it will
involve a considerable loss of revenue
to the American government, will not
result in a reduction of the retail price
of the wine, and that consequently the
amount imported will not be signifi-
cantly increased. On the other
hand, she regards the concessions
asked of her to be very important,
especially as most of them have a di-
rect effect on home industries.

France would regard the contin-
uation of the minimum tariff now in
force on Porto Rican coffee coming
into this country as a fair equivalent
for the reduction in the American
tariff on champagne. But the United
States, it appears, declines to treat at
all on the basis of Porto Rican coffee,
and is disposed to insist that the min-
imum of the French tariff be guaran-
teed as a condition to and precedent
for other negotiations. As the decree
suspending the collection of the max-
imum duty on Porto Rican coffee ex-
pires Aug. 1, the two governments
may come to close quarters before
that date. The act of the French gov-
ernment in granting the minimum
rate on this coffee is illegal under the
law of 1902, and it was taken simply
as a temporary act of courtesy sub-
ject to suspension without notice.

SUIT IS BROUGHT FOR DISSOLUTION OF TOBACCO TRUST

New York, July 10.—Suit was be-
gun in the District court for the
Southern District of New York, for
the dissolution of the American To-
bacco company, known as the Tobac-
co Trust. The court is also asked to
appoint a receiver for the concern.
This is the climax to a year and a
half of investigation by experts of
the Bureau of Corporations and the
Department of Justice.

Charges indicate that the govern-
ment has "flushed its biggest octo-
pus," for the petition declares that
the trust has encompassed the entire
world with its tentacles and says that
through the acquirement of foreign
interests and combination, it will ab-
solutely monopolize the tobacco busi-
ness of the world unless relief is
granted.

A recital of unfair trade methods,
oppression, ferocious competition, de-
ception, fraud, conspiracy, by which
it is charged that the trust has grown
since 1890 from a capitalization of
\$25,000,000 to a corporation whose
total assets now exceed \$275,000,000,
turns a new leaf in the history of
American commercialism. The ac-

tion is against the American Tobac-
co company, the Imperial Tobac-
co company, the British American To-
bacco company, the American Snuff
company, the American Cigar com-
pany, and 59 other corporations and
29 individuals connected with them,
and is brought under the Sherman
anti-trust law.

The attack on the Tobacco Trust
may not stop with a civil action.
Leaders in the organization are
threatened with criminal prosecu-
tion. Judge McReynolds, a govern-
ment special counsel in the case, is
the authority for the statement that,
unless the tobacco men's legal repre-
sentatives fairly and properly meet
the issues raised by the government,
indictments will be sought.

INDEPENDENT ORDER OF FORESTERS NOTICE

DEATHS AND FUNERALS

ELIZABETH MCKINNEY.

Miss Elizabeth McKinney died at
her home Monday afternoon of hem-
orrhage of the lungs. Her health had
been failing for some time past, but
she was not seriously ill. She ate
dinner at noon and moved about her
room. The hemorrhage came on
about one o'clock and she expired in
a few minutes.

She was born near Brownsville,
this county, about 75 years ago,
where the early years of her life
were spent. About 30 years ago she
moved with her brothers and sisters
to their home in Jersey township,
where she lived until her death. She
was a kind, upright Christian. The
funeral was held at St. Joseph's
church Wednesday forenoon at 10
o'clock, and interment was made in
the cemetery adjoining.

INFANT'S BURIAL.

The infant child of Mr. and Mrs.
Wm. Kerrigan of St. Louisville, O.,
was buried yesterday at Mt. Calvary.

INFANTS DEATH.

Mary, the infant daughter of Mr.
and Mrs. Wm. Kerrigan was born on
June 11, 1907, at St. Louisville, and
died July 8, 1907, after a brief ill-
ness of cholera infantum. Interment
was made in Mt. Calvary cemetery.

JAMES LARUE.

Martinsburg, O., July 10.—Mr. Jas.
Larue, a well known and highly es-
teemed young man of Martinsburg,
this county, died at the home of his
mother, Mrs. Ellen Larue, on Tues-
day afternoon at 3 o'clock, after a
long illness of tuberculosis of the
stomach. The deceased was aged
31 years, was unmarried, and is sur-
vived by his mother, two brothers
and one sister. The funeral will
take place Thursday morning at 11
o'clock and will be under the aus-
pices of the Woodmen and Pathfind-
ers' lodges of Newark. Services will
be held at the Presbyterian church,
conducted by the Rev. Mr. Jamason,
of the Disciple church, and the inter-
ment will be made in the Presbyter-
ian cemetery.

OBITUARY.

Silas Weaver was born in Chatham
in what is now the parsonage, De-
cember 10, 1841, and died July 5,
1907, aged 65 years, 6 months and
25 days. His entire life excepting
three years of army enlistment, was
spent in the immediate vicinity of
the place of his birth.

When our country was in danger
of being ruined by the Civil war, Silas
Weaver was one of the thousands
who volunteered in its defense. His
army record is unspotted and Co. B,
2d Ohio regiment, did itself honor
by having his name upon its rolls.

In 1868 Mr. Weaver was married
to Miss Elizabeth A. Eshelman of
Chatham. To this union were born
four children, three daughters and
one son. While yet an infant the son
preceded the father to the spirit
world. The daughters yet abide to
comfort the bereaved widow on whom
this stroke of sorrow most heavily
falls.

His last illness was of long dura-
tion and accompanied with most in-
tense suffering. Yet through all this
heavy affliction he never murmured
nor complained. He was most faith-
fully attended during his entire ill-
ness by his devoted wife and chil-
dren.

Mr. Weaver's death marks the de-
parture of a kind husband, an indul-
gent father and a worthy citizen. He
is survived by his devoted life com-
panion, and three daughters, Mrs.
Myrtle Winice, Mrs. Allie Preston and
Mrs. Belle Winice, all of Chatham,
four brothers, two sisters and a host
of neighbors and friends.

The services were held at the M.
E. church at Chatham Sabbath after-
noon at 2 p. m., conducted by Rev.
L. I. Hart of that place. Interment
at Wilson cemetery.

line). The minimum charge for card
of thanks is 25 cents.

HYMN CHANGED TO SUIT.

The new minister of an Episcopal-
ian parish in Pennsylvania had just
taken his charge, and he was against
the formalities of high church, but
the vestry was strictly in favor of
high church services, consequently
there was more or less friction be-
tween the pastor and his vestrymen.

They had a meeting to adjust mat-
ters in regard to the conducting of
the services, and one of the com-

promises effected was that while the
choir should still march down the
aisle of the church singing a hymn,
the cross should not be carried.

At the next Sunday service under
the new rules, the choir marched as
usual, singing and rendered "Onward
Christian Soldier," and sang it thus:
"Onward Christian soldier, marching
on to war,
With the cross of Jesus hid behind
the door."

THE SURPLUS IN NATIONAL TREASURY

Should be Deposited With Banks,
Says Senator Smith—Condemns
Express Money Orders.

Detroit, Mich., July 10.—United
States Senator William Alden Smith,
speaking here at the twenty-first an-
nual convention of the Michigan
Bankers' Association, denoted him-
self against government ownership of rail-
roads, the extension of banking priv-
ileges by the government to express
companies and the use of the word
"bank" by an institution that is not
engaged in the banking business.

"There is no higher type of busi-
ness man," said Senator Smith in his
address, "than is found among bank-
ers. There is no branch of our public
service which has the efficiency of our
national banking system. I hope to
see the time when the government
will see fit to pass out among the
banks of the country much of the
great surplus with which the
National treasury is filled.

"No corporation with carrying pow-
ers has any license to cope with or up-
root that grand industry, our banking
system. The government has no li-
cense to authorize or permit any one,
not under the same inspection and
regulation as are the national banks,
to compete with you bankers. The
banking institutions of the country
should array themselves against the
extension of public functions to pri-
vate enterprises.

"As to the government ownership
of railroads, I say without hesitation
that I am opposed to it. If the gov-
ernment cannot own and operate the
postal system at a profit, how can it
run the railroads?"

John Perrin of Indianapolis, presi-
dent of the American National Bank
of that city, made an address upon
"Currency Reform," in which he de-
clared that with an adequate banking
system our country would be the
greatest financial center in the world.
He declared that the greatest financial
need is more elasticity in the cur-
rency, and as a step toward this recom-
mended strongly the installation of the
credit bank note system.

BIG GAS WELL NEAR HEBRON

Hebron, O., July 10.—Great ex-
citement exists here over the big
strike of gas that was made on the
William Koch farm, just east of this
place, on Tuesday evening. For some
time past Columbus parties have
been engaged in drilling a well on
the Koch place, and early Tuesday
evening the sand was struck and
when the pressure of gas became so
strong that it was impossible to drill
any deeper. The roar of the escaping
gas could be heard for several miles
and it is estimated that the well is
good for at least seven or eight mil-
lion feet of gas per day. Hundreds
of people were attracted to the spot
by the loud roaring of the gas, and
land has greatly increased in value.

GRANVILLE NEWS

Granville, July 10.—Labor of all
kinds in Granville is very scarce, and
it is almost impossible to hire a man
to do a day's work. For some time
past the authorities have been en-
deavoring to do some much needed
street work and have found it al-
most impossible to secure men to do
the work, and now that the harvest
has begun the work is almost at a
standstill. Farmers are paying un-
precedented wages for harvest hands
as high as \$2.50 per day and board
being paid. Now is a good time for
some of the men in the city who are
out of a job to get work at good
wages.

Mr. and Mrs. Wm. Princeton of
Gallipolis, who have been visiting in
Granville and vicinity for the past
week, returned home Wednesday.

Miss Laura Beiler was in Newark
Wednesday.

having had a very enjoyable visit.

WRIGHT REUNION AT BUCKEYE LAKE

THIRD ANNUAL GATHERING IS TO BE HELD THERE ON AUGUST 8TH.

Secretary Has Papers Giving Accounts of Many Wrights in England Back to 1490.

The secretary invites the attention of all those connected with the Wright family to the fact that the time is drawing near for their third annual reunion and that they are all cordially invited to be present at Buckeye Lake Thursday, August 8, 1907. The officers feel that the two previous reunions have been decided successes and are anxious that the one this year should surpass them, both in numbers present and in interest. Last year there were over 100 present at Emory Wright's near Homer and there should be many more this year.

Buckeye Lake is easily reached by interurban cars, either from Newark or Columbus, both of which are important railroad centers, and there seems no reason why there should not be a large attendance. The place is beautiful and interesting and is well worth going to see, especially when one's family gathering is to be there.

Among prominent men who have married into the Wright family in years long ago were Sir Francis Drake and James Oglethorpe. A prominent Revolutionary was Col. Ethan Allen of Revolutionary times. While the members of the family are proud of the Wright ancestry and their fame they do not want it to be said of the family that, like the potato, the best part of it is in the ground, but rather that the present generation is alive and active and possesses some of that spirit that their grandfathers had. The best way to prove this is for all the Wrights and their connections to be present at the third annual family gathering where they can renew old acquaintances and make new ones.

The officers are in possession of some papers that give a brief account of some of the many Wrights in England before they came to America in 1636, tracing them back to 1490. For further information address the secretary, William B. Wright, Utica, O.

WO K TRAT TELLS.

Plenty of It Has Been Done Right Here in Newark.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Newark. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. How can any Newark sufferer longer doubt the evidence?

E. Frank Edwards, plasterer, of 152 Ash street, Newark, O., says: "I had backache and had it bad. For several years I was suffering from sharp, shooting pains in the region of the kidneys and a dull aching and weakness in the back which was becoming very serious. I tried remedy after remedy without finding relief, and I nearly lost hope when I began using Doan's Kidney Pills, obtained at Crayton's Drug Store. It was a gratifying surprise to find after a few doses of this remedy the pain seemed somewhat abated, and I continued the treatment for some little time, using several boxes. I was thoroughly cured. I gave a testimonial at that time to others. It is now eight years since I made that statement, and I am glad to be able to say that the cure was permanent."

For sale by dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

Remember the name—Doan's—and take no other.

BALL IN HER THIGH.

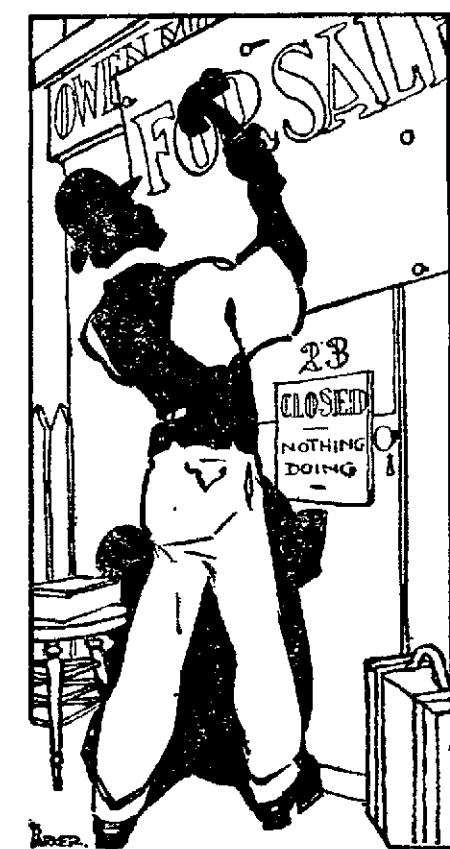

Delaware, O., July 10—It leaked out today that Miss Hattie Moore lies in the hospital in a dangerous condition, with a bullet in her thigh, as the result of a shot from a pistol held in the hands of her friend, Frank Holden, on July 4. The matter was reported to the police by Miss Moore's brother yesterday, who seeks a warrant for Holden's arrest. Holden claims to have been using blank cartridges and the shooting was accidental.

State of Ohio—Insurance Department
State of Ohio, Insurance Department, Columbus, July 6, 1907. I, A. J. Vorys, Superintendent of Insurance of the State of Ohio, do hereby certify that the Kentucky Loan Life Insurance Co. located in Indianapolis, in the State of Indiana, has complied in all respects with the laws of this State applicable to it and is authorized to transact in this State its appropriate business of making insurance on the lives of persons, and in advance contracted and accepting deposits, and granting, purchasing and depositing of annuities, as prescribed in Section 3506 Revised Statutes of Ohio, and the first day of April of the year next succeeding the date hereof. Its condition and business on the thirty-first day of December of the year next preceding the date hereof is shown by the statement, under oath, as required by Section 3541 of said Revised Statutes, to be as follows:

Aggregate amount of available assets, \$1,682,566.01. Aggregate amount of liabilities, except capital, including reinsurance and special accumulations, \$1,569,946.91. General surplus on policyholders' account, \$121,619.08. Amount of income for the year, \$25,224.10. Amount of expenditures for the year, \$256,850.26.

In witness whereof, I have hereunto subscribed my name and caused my official seal to be affixed, the day and year first above written. A. J. Vorys, Superintendent of Insurance.

"Owen Moore Went Away, Owen Moore Than He Could Pay; Owen Moore Came Back One Day, Owen Moore."

Poor Mr. Owen Moore no doubt lived in a small city or town where he tried to make a living by running a store. The people who were his neighbors in that town and on the farms around town bought most of their things from the great Mail Order houses, neglecting to trade with Mr. Moore.

Quite naturally, Mr. Moore failed in business and went away owing more than he could pay. He had to go away and find a location in some town where the people patronized home merchants.

But the funny poet who wrote those lines was mistaken about Owen Moore coming back one day. Mr. Moore, having been burnt once, would not stick his fingers in the same fire again. No, indeed! Mr. Moore would stay away, not because he was Owen Moore than he could pay, but because if he ever came back and started again in business there he would be Owen Moore still. He would let the old town continue to grow street grass.

Have you been the cause of any Owen Moore tragedies in your town?

PRESIDENT MACKEY

Says Talk of Harmony Between the Postal and Western Union is Nonsense.

New York, July 10—Clarence H. Mackey, president of the Postal Telegraph Cable company, when asked today in regard to the proceedings which were instituted yesterday by the attorney general of the state of New York against the Postal Telegraph Cable company, and the Western Union Telegraph company, for ceasing to compete, said: "If two companies ever competed in the United States, these two telegraph companies are competing, and always have been. That the competition is ever fierce and bitter, every merchant and manufacturer in the United States, wherever we reach, will be a witness to the truth of this statement. We are litigating with the Western Union all over the country in regard to railroad rights of way. In fact, the tremendous fight between the Pennsylvania railroad and the Western Union is due solely to the fact that we got that business away from the Western Union. The Western Union is trying to exclude us from all depots and has just succeeded in excluding us from the Birmingham union depot. We intend to take the matter into the courts. We are the only company that ever did really compete with the Western Union and succeeded in doing so. Other companies have competed and none of them ever paid a living. All this talk about the two companies working in harmony is nonsense."

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

MISAPPREHENSION

As to Part Taken by Mr. Woodward in Excitement on Church Street Monday Night.

There seems to be some little misapprehension as to the part taken by Mr. Fred Woodward in the excitement that occurred on East Church street, Monday night, shortly after 10:30 o'clock. Mr. Woodward was busy at the City Drug Store that night, and Mrs. Woodward remained at the store with him until time to close the pharmacy for the night. Then Mr. and Mrs. Woodward walked to their home, 99 East Church street, a double house. As they approached a neighbor called to them that a burglar was in one cellar of their house. Mr. Woodward ran to Mrs. Daughter's house, across the street, and called the police by phone. An officer responded promptly and three shots were taken at the man who emerged from the house. No arrest was made, and an examination of the premises showed that nothing had been stolen.

ELKS OUTING

The members of Newark Lodge of Elks, together with their ladies, are having a grand time at Buckeye Lake this afternoon, and the good time will continue until a late hour tonight. This is the first "Ladies Day" of the season, and a large number of the fair ones are in attendance. At four o'clock this afternoon it has been planned to enjoy a boat ride, which will be followed by a 6 o'clock dinner. At 8 o'clock this evening dancing will commence and will be continued until a late hour, the music for the occasion being furnished by Marsh's full orchestra.

FRANK T. MAURATH HAS TAKEN BRIDE

POPULAR YOUNG SOCIETY PEOPLE WERE MARRIED TUESDAY NIGHT.

The Groom is the Popular City Auditor, W. D. C. Navigation Co., Adv. Dept., Detroit, Mich.

The announcement of the marriage of Mr. Frank T. Maurath, Newark's well known city auditor, and Miss Ada Follett, daughter of Attorney and Mrs. Charles H. Follett, although not unexpected, as the parties have been engaged for some time, will, nevertheless, come as a surprise to many of the friends of the contracting parties.

Many friends of the groom, especially his Elk associates, have been watching events, and Tuesday night, they were given a tip that the parties were to be married and would leave on the evening B. & O. train for Chicago and the northwest on their wedding trip. The news spread, and a large number of people assembled at the B. & O. depot, provided with large quantities of rice, old shoes and fireworks.

In the meantime Mr. Maurath and Miss Follett, together with a number of the relatives of the contracting parties had repaired to the parsonage of the St. Francis de Sales church, where they were joined in marriage by the Rev. Father Plunkett.

At the conclusion of the ceremony, and after congratulations were exchanged, the happy couple entered a phaeton that was waiting, and drove to the B. & O. depot, upon reaching which they discovered their friends in waiting. They then proceeded to give them the slip by driving up town and boarding a west bound interurban car and going to Columbus, from which point they left for Duluth, Minn., on their wedding trip, much to the discomfiture of their friends, when they learned the trick that had been played on them.

Mr. Maurath, who is one of the most popular and wide awake young men in the city, is a young man worthy in every way of the prize he has won. He is a son of Mr. E. J. Maurath, the well known coal dealer of this city and was born and brought up in Newark, where he has lived all his life, and from boyhood has always had the best interests of the city at heart. He is a prominent member of the Board of Trade and is also a prominent member of the Newark Lodge of Elks, the Modern Woodmen and Knights of St. John.

At present he is the efficient city auditor of Newark, which position he has filled ever since the office was established several years ago. He is most emphatically one of Newark's most energetic and popular young men.

Mr. Maurath's bride is one of the most charming young women of the city. She is possessed of many accomplishments and is a young woman who is highly esteemed by all who know her. She is a daughter of Attorney and Mrs. Charles H. Follett, and for several years has held the position of assistant city auditor, performing her duties in a skillful and highly satisfactory manner. It was while associated with Mr. Maurath in his office that Miss Follett came to know his true worth, and their friendship rapidly ripened into love, the culmination of which was their marriage on Tuesday night.

Mr. and Mrs. Maurath expect to be gone on their wedding trip a week or ten days, and on their return will be at home to their friends.

IN POLICE COURT.

Harry Roberts, a well known young man of Newark, was locked up Tuesday night on an affidavit filed by Robert B. Galloway, who charged Roberts with the theft of a ladder. Roberts admitted that he had pawned the ladder which he had borrowed from Galloway.

The prisoner was very repentant and made a list of promises as long as one's arm providing he would be let off this time. He was fined \$5 and costs and sentenced to 30 days in jail. He was told to settle with Galloway and the sentence would be suspended during good behavior. He said he had been drinking.

People in police court Wednesday morning got some fresh "dope" direct from Norfolk concerning the Jamestown Exposition. George Gillon, colored, from Norfolk, told the court that the exposition would soon close because several of the "hottels" were burned down. We would not advise any one contemplating a trip to the exposition to abandon the idea. The Advocate party will go just the same.

Gillon was arrested for prowling and denied that he was a bad nigger and said he came from Norfolk with an Ohio man whom he met there. He is held for investigation. Gillon is the first real type of the ignorant southern darkey seen in Newark for some time.

W. D. McLaughlin, a paper hanger from Chicago was locked up for prowling last night. He was suffering from something stronger than lager beer. He told the officers that he thought he was in Chicago and was just wandering down the lake front when arrested. When told of the size of the city, he was sure he was in Chicago. He got \$5 and costs.

Clyde Duboise, arrested on a charge of burglarizing the Felix Varner home in West Newark Saturday night, pleaded not guilty Wednesday morning and will get a hearing July 25. Duboise will try and prove an alibi.

Chief Sheridan took the man to Columbus Tuesday and took the prisoner to a jewelry store where he was identified as being the man who bought a comb Saturday night about 10 o'clock. Dubois told the officers that he had the comb for three months. George Krause Sr. and George Krause Jr. and Fred Krause are named in an affidavit filed before Mayor McCleery for shooting air guns. The case will be tried tomorrow.

SHAVED

The Corpse of His Friend and the Justice Faces Prosecution by Minnesota Barbers.

Lesner, Minn., July 10—Justice of the Peace Max Distel, who owns a jewelry store, is secretary of the Humane Society and standing delegate to Beaver conventions, but who has no barber's license, is threatened with prosecution under the state law because he shaved a corpse. The local barbers are making the threat. The law provides a fine and imprisonment for its violation.

Distel's only defense is that the corpse was that of a personal friend; that the man had a lifelong horror of barber shops; never was shaved in one in his life, and made a dying request that the justice shave him instead of allowing a barber to do it.

The usual pay for such work here is \$5, and the barbers feel aggrieved at losing the fee.

BABE UNDER A BOX.

Delaware, O., July 10—Mrs. Frank Shannon missed her 18 month old daughter and instituted a search, finding the little one pinioned beneath a box of soap weighing 80 pounds. The skin on the child's face was literally peeled off and the babe may die from internal injuries.

GOVERNORS OF OHIO

DAVID TOD—1862-1864.

David Tod was the second of Ohio's war governors. He was an able speaker and took an active part in the political affairs of his state. In 1858 he was elected to the state senate as a Democrat and two years later devoted his time in canvassing the state for Van Buren, gaining a high reputation for oratory during this campaign. In 1844 he was a candidate for governor on the Democratic ticket, but was defeated. In 1860 he was a delegate to the Charleston convention and presided over it when the southern party withdrew. He was strongly for the Union and was elected governor in 1861 by the Republicans, his majority being 55,000. His fame as a war governor extended far. His earnest effort to recruit the army, his watchfulness and sympathy for the Ohio soldiers suffering the hardships of war, his care for their families and his vigorous repulse of the invaders of the state made his administration a notable one. He served the national government as minister to Brazil from 1847 to 1852. He was born at Youngstown in 1805, and there died Nov. 18, 1868.

Sharon, Pa., July 10.—All the runs in yesterday's game with Newark were made in the opening inning and the visitors won with a lead of one. Malarkey got a bad start. After retiring Snyder, Wratten and Schweitzer singled and Patterson threw one over Sellers' head at third. When the smoke cleared away three of the new champs had tallied. Green worked Stoup for a free ticket. Patterson hit to Murray, who bunted and both were safe. Mathay doubled, one down, but Stoup fielded the ball too slowly to throw and the bases were filled. Kerr then hit and Green and Patterson scored. Sharon got a man around as far as third twice after that, but could not score. Snyder was put off the grounds. Score: Newark: ab r h po a e. NEWARK LUCKY DOESN'T KNOW IT

Newark is raising a great howl because the town is literally "off the map." The Columbus board of trade recently got out a booklet and in it appears a map showing the country tributary to Columbus, and it takes in a radius of about 200 miles. S.S.S. HEALS SORES

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter in the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this life-stream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood is in this condition a sore cannot heal because the impurities with which the circulation is filled are being constantly discharged into the place to irritate and inflame the tissues and further disease the surrounding flesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently. Local applications assist in cleansing the place, but a cure can only be affected through a purification of the blood. Book on Sore and Ulcers and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

AL SCHWEITZER DANGEROUS MAN WITH SWAT STICK

PLACES HITS SO OUTFIELDERS CAN'T PLAY IN UNDER THE BALL.

Youngstown Writer Has Few Opinions About Molders, Which He Puts in Print.

(Youngstown Vindicator.)

Berryhill and his band have come and gone. With them they take the respect of local random who saw the three games between the Molders and Champs at Willis park, and also two while unquestionably Newark caught Youngstown in a slump when the locals seemed to have lost the stuff of winning games consecutively. Still Manager Berryhill had his men playing ball all the way and Bob has well earned the reputation of being a leader of ability.

According to members of the Youngstown team and others who have watched the series, team play at bat and in the field, was assisted by two other factors, good pitching and the hitting of Schweitzer.

"That man Schweitzer is just about the most dangerous and therefore the best batter in the league just now," declares Manager Wright. "The fielders can't lay for him. There's no telling where he will drive the ball. The first time it will be over the first base, then into center and again down the left field foul line. All the players can do is to take their regular positions and 'trust to luck'."

Schweitzer's triple won that first game Friday and his hitting was very potent in the run getting in the other two contests. But Berryhill's battery forces are not in the best of shape. He stated Monday that Locke with his strained leg, would be unable to pitch for several days. Stoup is not in shape, and Asher and Linke are overworked. Pearce's injury prevents him from being valuable on the bases and hurts his all round work, while Winters isn't nearly the thrower nor catcher as his mate. Haval also has a bad leg. So Newark is enjoying some of fortune's marble heart as well as other clubs.

For the next three days the Molders play in Sharon. And if ever Sharon tries to wallop a club it will be Newark. For the memory of a little difference in a recent game down there still rankles in the breasts of Patterson and the Trumvirate.

DATES CHANGED BY MOLDERS AND TIGERS

DAY'S BUSINESS IN COURT HOUSE

Bill of Exceptions.

Court Scribe C. C. Cooper has just completed a bill of exceptions in the case of A. A. Stasel, receiver of the Newark Savings Bank company against William E. Miller, William C. Christian and the estate of Rinehart Scheidler for the purpose of taking the case from the Common Pleas court to the Circuit court on error. In this case in the Common Pleas court the defendants secured a judgment the suit having been brought on a promissory note for \$1600. Upon taking charge of the assets of the bank after the death of W. C. Tafel, the note came into the hands of A. A. Stasel, receiver, and he brought suit to recover amount specified. The defendants, by answer claimed that the note had been settled and paid in the adjustment and sale of the Newark & Granville Street Railway, the bank having held notes of the railroad company on which the defendants were sureties. The jury found by their verdict, in favor of the defendants, and it is to reverse this finding that the receiver takes the case to the Circuit court.

FOREIGN MEATS WILL BE INSPECTED

By Fuch Sam and Tacey Hanes and Sausages Will Have to be Up to the Standard.

Cincinnati July 10.—General Michael Ryan, president of the American Meat Packers' Association, yesterday received a telegram from Secretary George L. McCarthy, of that association, announcing that the United States government has heeded the request of the association and ordered that the meat inspection be extended to imported meats, which heretofore have been exempt. The telegram reads as follows:

"The Department of Food and Drug Inspection, Department of Agriculture, has issued a ruling to the effect that meat products imported into the United States must be accompanied by a certificate stating that they are produced from animals having ante-mortem and post-mortem inspection, and that the certificate must be used by the United States Consul. This puts imported meat products on the same basis as our own, sold in this country, and it will be practically impossible for more than a very few foreign concerns to comply with the ruling. Your committee to confer with the government officials has had this subject under discussion with the department, since last November, and is glad to report the ruling."

General Ryan said: "When the meat inspection law went into effect on October 1 last, there was one weak point about it and that was that foreign meat products were allowed into this country and sold without United States government inspection. The packers of the country looked upon this as unjust, for the reason that our slaughtered animals are subjected to the most rigorous post-mortem inspection at the hands of skilled veterinarians, and unsound carcasses condemned. It seemed rather unfair and unjust to our home packers that foreigners should be permitted to sell their meat products here under any name they choose to adopt without inspection. The American Meat Packers' Association took this matter up promptly, and vigorously brought it before the department at Washington, with the result that Westphalian hams, fancy Wiener, Frankfurt and other brands of sausage and the many other fancy meat articles from continental Europe will have to be inspected the same as our home products."

By The Old Road Bridge

There's a heap o' joy in a linen string an' a bamboo pole an' balt
On the bayou bank by th' old-road bridge, when th' day is gittin' late!

No, it ain't so much that th' big fish bite or th' shiners jerk th' line,
But there's heaven there in th' eventide, an' a quaff o' sunset wine!

Then th' golden glow o' th' painted west is a deep'nin' fast to red!
An' th' chirpin' birds say their sweet good night as they flutter off to bed!

List th' low of cows, an' the whistling boy as he plods behind th' herd!
Ah! there's peace an' rest in th' twilight time when th' leaves are scarcely stirred!

An' it's wuth yer while t' be livin' then, jest to sort o' dream and wait
On th' bayou bank by th' old-road bridge, when th' day is gittin' late!

The Song

The brownthrush sings her glad song—
Sing likewise thou unto the throng!
The same word thrives for man and bird—
The scent of flower by zephyr stirred.
The sun, the sky, the breath of morn,
The eventide when night is born!

Oh, man, with reason more divine,
Wilt thou not read aright the sign?
Go! Rob thy cheek of guilty blush
And gain more wisdom from the thrush!
The same good God did mankind bless
That taught the bird her happiness!

APPLETON NEWS

The Fourth witnessed one of the largest crowds ever gathered for a Sunday school picnic. Although the threatening rain kept away a great many nevertheless fully one thousand were present to spend the day in the old-fashioned way. Everything went off nicely—no disturbance of any kind save the shooting of some fire-crackers, no bad language heard used, and no intoxicated person on the ground. Everybody seemed to enjoy themselves, especially at the noon hour, when all gathered in groups, and Oh, my, how the chicken bones did fly. At about 1 p. m. the crowd was called together by the Chatham cornet band, after which the following program was carried out. All joined in singing "My Country 'Tis of Thee," then Rev. L. I. Hart of Chatham, invoked the blessings of God upon us. A song, entitled "The King's Business," was sung, then after another selection by the band the Harmony Sunday School rendered the following: A song; recitations by Pearl Bush and Carol Harris and another song. After which Attorney A. S. Mitchell of Newark was introduced and delivered a very patriotic address. Music. The Liberty Sunday school was then called and responded with a song and recitations by Clifford Fry and Harmon Runnels. Rev. W. I. Todd, pastor of Glenwood church, Columbus, and a former pastor of Johnstown, was introduced and delivered another stirring and patriotic address. Music. The Johnstown M. E. Sunday school was represented by a short talk from Pastor Dr. A. L. Lathrop, and a duet, entitled "Rifted Clouds," by Carol and Lois Stevens. The Baptist Sunday school of Johnstown was largely represented, many of them coming in a two-horse wagon drawn by Oscar

Pratt's team. Many of the Presbyterians of Johnstown were present. A recitation, entitled "Sheridan's Ride," by Harry S. Dixon, was listened to, after which Congressman W. A. Ashbrook of Johnstown was called and responded with a very appropriate address, giving a brief account of his trip to Jamestown, and of the good seed sown in his young heart when a boy in the Sunday school. Master Paul Preston of Chatham, a little wee one only about three years old, beat the drum to the music "Marching Through Georgia," played by Messrs. Weiss and Dunlap. The exercises were concluded by all singing "God be With Us Till We Meet Again." The Rev. Mr. Hart pronounced the benediction.

Mr. Otto Kirkpatrick and family of Roseville, O., arrived Thursday for a visit with the former's parents. Also another son and family of Chatham visited Saturday night and Sunday with the same. The former returned to his home Monday while his family will remain a few weeks.

Mr. and Mrs. L. M. Shipley had planned a surprise on their daughter Ethel last Friday evening, it being her tenth birthday. Friends and neighbors kept coming until there was not hitching room. Two numbers of a kind were given out to the ladies and one to the gentlemen, and then you had to hunt your partner for supper. Ice cream and cake were served in abundance. Time and space will not permit us to give the names of those present, save those from a distance, which were: Mr. and Mrs. Arthur Toothacre and son, Allen Longwell, wife and son, James Shipley, wife and son, Will White, wife and son, Russell, N. Overturf, wife and daughter, Thelma. At a late hour all departed, wishing her a long, happy and prosperous journey. She was the recipient of many useful and valuable presents.

Mr. and Mrs. J. M. Broughton of Mt.

Vernon drove down Saturday evening and spent Sunday with the latter's parents.

Aunt Julia Liming is quite poorly at this writing.

A few from here took in the show at Mt. Vernon on the Fourth.

Rev. and Mrs. W. I. Todd, W. W. Simmons, wife and son Rolf of Columbus, came over last Wednesday evening and were guests at the home of W. Shipley and all attended the picnic on the Fourth.

Preaching at the M. E. church next Sunday evening at 8 o'clock. Come.

Mr. and Mrs. Bert Baker spent Sunday with Mr. and Mrs. Luther Clem.

Mr. and Mrs. J. P. Decrow, Mr. and Mrs. H. L. Peters and daughter Leona spent Sunday with Mr. and Mrs. Henry Evans.

Mrs. Perry Cullison and son Fred of Fallsburg, visited at the home of Ed Dunn from Saturday till Tuesday.

Messrs. Frauk and Warner Shipley and Milton Hatch spent Sunday with L. M. Shipley.

A half million well was drilled in on the Chris. Houck place last week for the Logan company.

UNION GOSPEL MEETINGS

The Union gospel meetings begun by Evangelist I. B. Dillon and others in a large tabernacle on the corner of Maple avenue and Manning street last evening were well attended. Evangelist Dillon preached a very earnest sermon on "Unity" which was listened to with marked attention. Miss Lillian Dillon led the singing. Miss Dillon is a fine gospel singer. Her solo "The White City," touched all who heard it. Rev. Mr. Dillon will preach this evening on "What Does the Devil Own?" and Miss Dillon will sing a special solo. All are cordially invited.

RAILWAY AFFAIRS

Watch Inspection.

The semi-annual watch inspection for the time pieces of B. & O. trainmen is now on and all watches must be inspected between the 8th and 31st of July. The orders are very stringent and any employee failing to have his time piece inspected between the above dates will be dismissed from the service. Mr. Ed. Doe, the jeweler at West Park Place, is the inspector for the B. & O. at this point, and is very busy with the work.

New Bridges on the B. & O.

The B. & O. railroad is putting in a number of new bridges to replace the present structure between Mansfield and Mt. Vernon. A new 300 foot steel bridge reinforced with concrete, is being erected across Owl creek near Fredericktown, to replace the present truss bridge, while new bridges are also being constructed near Mt. Vernon and Lexington. It is said that the rails on the new concrete bridge at Ankenytown will be laid in a few days.

CHILDREN

Lose Their Lives When Home of Their Parents Burns.

Suisun, Cal., July 10.—The four children of Mr. and Mrs. Charles L. Campbell of Suisun valley lost their lives in the burning of their home. The parents barely escaped. When Mr. and Mrs. Campbell awoke the house was a mass of flames. They made frantic efforts to save their children and were badly burned. The victims ranged in age from 12 years to 18 months. The origin of the fire is not positively known, but it is believed to have been caused by the explosion of a coal oil lamp which was kept burning all night.

Mackay on Telegraph.

New York, July 10.—Clarence Mackay, president of the Postal Telegraph Cable company, declared that "all this talk about the Western Union Telegraph company and the Postal Telegraph company working in harmony is nonsense. If two companies ever competed in the United States, these two companies are competing, and the competition is fierce and bitter." Mr. Mackay's statements were made in commenting upon the action of Attorney General Jackson of New York, who asked a justice of the New York state supreme court to appoint a referee to secure evidence that the Western Union and Postal companies have formed a combination in restraint of competition.

Historic National Banner.

Washington, July 10.—The historic national banner of stars and stripes which inspired Francis Scott Key to compose "The Star Spangled Banner," and which floated over Fort Mifflin, Chesapeake bay, during its bombardment by the British the night of Sept. 13, 1814, has been placed on exhibition at the Smithsonian institute, this city. The flag is the property of Eben Appleton of New York, who has loaned it to the government. The banner is about 28 by 30 feet.

TEAMSTER

PREVENTED ESCAPE OF NEGRO WHO HAD ASSAULTED AN OFFICER.

A. I. U. Meeting in Columbus—New Trolley Proposed—Col. Moulton Dead—Ohio News Briefs.

Cincinnati, O., July 10.—The prompt assistance of a teamster prevented the escape into Kentucky of Will Thomas, colored, of Shelbyville, Ind., after he felled Policeman Schwabel with a plank. Thomas was wanted for a cutting affray on the river front and the officer was pursuing him across the suspension bridge when the fugitive turned suddenly and knocked Schwabel unconscious. As he fell a teamster leaped from his wagon, grabbed the officer's pistol and opened fire on Thomas, who fell with a probably mortal wound in the back.

American Insurance Union. Columbus, O., July 10.—The national chapter of the American Insurance union met in this city and received the reports of officers, showing the organization to have 15,670 members. The grievance committee made a report sustaining the action of Columbus Chapter No. 1 in expelling from membership Charles W. Lentz and C. H. Reeves for circulating statements alleged to have been detrimental to the best interests of the order, in connection with the erection of the temple for the national chapter in this city. Action was deferred.

Pittsburg to Columbus. Wheeling, W. Va., July 10.—Details of a scheme were completed here which will result in a through trolley line from Pittsburg to Columbus. The Wheeling Traction company, composed of Philadelphia and Wheeling capitalists, will extend the line now running to Bellaire, O., to Nefes, thence by way of Bethesda park and Barnesville to connect with the Zanesville and Columbus line at or near Cambridge, O.

Governor Posts Trustees. Columbus, O., July 10.—Governor Harris has caused to be compiled and printed in pamphlet form all the laws of most general use governing the operations of the trustees of all the state benevolent institutions, and copies have been placed in the hands of the members of these boards. It is said that the governor found in his relations with the boards that there was need of a little instruction along this line.

Death Claims Colonel Moulton. Lima, O., July 10.—Colonel B. M. Moulton, past grand commander of the Grand Army, department of Ohio, died suddenly from heart trouble. Colonel Moulton was elected head of the Grand Army of Ohio two years ago, and was prominent in the order nationally. He was 67 years old and was prominently identified with oil interests of this state.

Merchants Burned Out. Leesburg, O., July 10.—Seven business rooms were burned, namely: E. S. Conrad, tinner; R. R. Denny, restaurant; M. Rice & Company, drug store; James Guthrie, jewelry store; John Newlon, barber shop; Knights of Pythias hall and regalia. Estimated loss, \$20,000. The origin of the fire is unknown. Fire started outside of Denny's restaurant.

Brooded Over Loss of Wife. Upper Sandusky, O., July 10.—Samuel L. Dent, a schoolteacher in Ashland county for 15 years and for a number of years in this county, blew out his brains with a 38-caliber revolver, after brooding for nearly 20 years over the loss of his wife, who secured a divorce from him.

Fire Devours Scrapper Works. Piqua, O., July 10.—The plant of the American Scrapper company at Sidney, one of the larger in the United States, burned to the ground. Only a small section was saved from the flames. The loss is estimated at \$200,000. The fire was caused by an explosion.

Mangled By Circular Saw. Upper Sandusky, O., July 10.—William Dewiel, 59, met a horrible death at Benton. He was operating a circular saw when his clothes caught in it. One arm and one leg were cut off and his neck nearly severed from his body. He lived 15 minutes.

Brother's Frank Fatal. Chillicothe, O., July 10.—Floyd Griffin, 18, was drowned in Taylor's run. The lad was slow in disrobing, and in a spirit of fun his elder brother threw him into the stream, clothes and all. The handicap of the clothes caused the boy to sink.

Terminate Sea Postoffices. Washington, July 10.—Postmaster General Meyer announced that the North German Lloyd and Hamburg-American lines had informed the German postal administration that on Jan. 1 next they would terminate the present agreement relative to the maintenance of sea postoffices on their steamers, because the compensation allowed was not deemed sufficient. The companies, however, have made an offer of a rate at which they will continue the service. Mr. Meyer has decided to send Special Assistant Postmaster General McGarry to Germany to make a new contract.

LIGHTNING STRIKES HOUSE. Zanesville, O., July 10.—In an electrical storm throughout the city and county yesterday morning, lightning twice struck the home of Mrs. Wm. Dunn, of Linden. The bolts entered the house not 1 minute apart. William and Richard Dunn, of Oakland,

Cal., boys who are visiting Mrs. Dunn were knocked from their bed and rendered unconscious. They were revived an hour later.

Lightning also struck the home of William Stockdale tearing out one corner of the house. Mrs. Stockdale was severely shocked and has fainted several times as a result.

Y. M. C. A. GYPSIES HAVE RETURNED

The Newark tribe left for the great camp on Tuesday, July 2d. The start was made from the Y. M. C. A. building at 3 o'clock in the afternoon. The tribe camped the first night in front of a little church about a mile the other side of Hanover.

Every boy brought out his own frying pan, built his own fire and proceeded to cook his own supper. The scheme worked fine, no boy will kick on his own cooking.

Springfield and Dayton caught up to the Newark tribe at about 9 o'clock p. m. They were a tired and hungry lot as they had missed the right road and had spent considerable time in wandering about the country. They left Hebron and landed in Granville instead of Newark. When they found out their mistake their High Musty Muck put them all into an interurban car and brought them into Newark by rail. From here they walked to Hanover for their 9 o'clock supper.

At 4 a. m. everything was hustle and bustle, breakfast was eaten, the camp broke and the tribe got an early start, Newark taking the lead. Trinary was reached without difficulty. But the grind from Trinary to Wakatomika was heart breaking. The band camped the second night a short distance outside of Cooperdale. The next day or the morning of the 4th or July Warsaw was reached where all had to wait until 2 p. m. before marching to Camp Kettle, which was located in the Libarger Grove, two miles from Warsaw.

Friday morning was spent in getting Camp Kettle into working shape. The Newark men won the colors for the day for passing the best inspection. The afternoon was spent in running off a base ball tournament with the following results:

Akron, Dayton.
Cleveland C., Bellevue.
Akron, Bellevue.
Akron.
Cleveland B., Springfield.
Cleveland W., Canton.
Cleveland W., Canton.
Cleveland W., Canton.
Canton (Champ's).
Canton won first place, Akron second. Newark did not enter this event.

The whole day on Saturday was spent in running off a great field day. The Newark tribe did not intend to enter these games, but by a little urging from the H. M. B. were induced to try. The events were all run off on the relay system six Gypsies to compose a team.

Newark's boys covered themselves with glory in the 100-yard relay. Akron's last man crossed the tape and the times sang out 1 minute and 3 seconds, but as Howard Williams, the last man on the Newark team, crossed the tape on the home stretch Timekeeper Clark's voice rang out Newark 59 flat.

How they stand according to points:
Akron, 20.
Canton, 23.
Cleveland and West Side, 11.
Newark, 14 1-2.
Toledo, 6 1-2.
Springfield, 6.
Cleveland Central, 5.
Dayton, 4.
Bellevue, 0.

On Saturday evening the boys gave an open air Gypsy Minstrel Show in camp. Sunday morning and evening were taken up with religious services led by Mr. Clark, the State Y. M. C. A. religious work man.

On the whole the trip was a great success Newark's boys are all home, a little tired but are determined to attend the next meeting of Camp Kettle which will be held in the northern part of the state, near Tiffin.

Following is the first verse and chorus of a song composed by one of the Cleveland boys and it suggests the spirit which prevailed throughout the entire outing:

SMILE WHENEVER YOU CAN.
When'er things don't go to suit you,
And the world seems upside down,
Don't wait your time in fretting,
But drive away the frown;
Since life is oft perplexing,
'Tis much the wisest plan,
To bear all trials bravely,
And smile whenever you can.
Chorus:
Smile when'er you can, Smile when'er you can,
'Twill make your pathway brighter,
To smile when'er you can.
Smile when'er you can, Smile when'er you can,
'Twill make your pathway brighter,
To smile when'er you can.

Every member of the Newark tribe received Red Kettles for walking the entire distance.

HYDE'S HOME NOW FOR SALE

New York, July 10.—That James Hazen Hyde, who left this country for Europe during the insurance disclosures, in which he was a conspicuous figure, intends to make his permanent residence abroad is indicated by the fact that his former home, No. 9 East Fortieth street, as well as that of his mother, Mrs. Henry B. Hyde, No. 11, has been quietly placed upon the market for sale.

"To let" signs have been placed on the front of Mr. Hyde's house.

Parade of Knights Templars. Saratoga, N. Y., July 10.—With 50,000 spectators lining streets along avenues brilliantly decorated, 15,000 Knights Templars paraded here. It was the greatest event of the triennial convocation of the grand encampment, Knights Templar, which is being held here this week. On the official reviewing stand with the Earl of Euston of London were Grand Master G. M. Moulton of Chicago and John B. Tressidor, grand master of the priory of Canada, and Governor Charles E. Hughes. For three hours the knights were in procession before the reviewing stands. Two hundred carriages conveyed the grand commanderies of 42 states and territories.

Will Not Succeed Loeb. Washington, July 10.—First Assistant Postmaster General Hitchcock authorized the statement that there was no foundation for published reports that he would succeed Secretary Loeb, and said that the president had never offered him the appointment of secretary to the president. Mr. Hitchcock is expected in the near future to leave the postoffice department to become assistant secretary of the treasury, succeeding J. H. Edwards, who it is understood will retire from the public service.

Some girls seem to think they are so popular that it's a wonder they don't build barb-wire fences around themselves.

Sleep And Rest

Every movement of the body consumes energy. So does mental effort. Energy is supplied by the nerves. It follows that physical or mental exhaustion simply means an over-draft on the nerves. Nature restores energy through rest and sleep. You cannot sleep with tired nerves. Dr. Miles' Nerveine soothes the irritation and restores nervous energy.

"Although I have lived nearly 75 years, I have stood up against terrible odds for public good, but the unquenchable thirst of Dr. Miles' Restorative Nerveine, as a medicine for nervousness, and an invigorant for the system, has been my constant companion. I feel sure that the Nerveine is free from any harmful ingredients, and can conscientiously recommend it to the aged and nervous." MRS. W. H. TIERMAN, Colorado Springs, Colo.

Dr. Miles' Nerveine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.

MISS LENA NAGEL

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

REV. H. S. BIGELOW MADE ADDRESS TUESDAY NIGHT

**SPEAKING UPON THE SUBJECT
OF THE INITIATIVE AND
REFERENDUM.**

His Remarks Were Attentively Listened to by a Number of Representative Citizens.

A gathering of the citizens of Newark gathered at the Court House Tuesday evening to listen to an address on the Initiative and Referendum by Herbert S. Bigelow, pastor of the Vine Street

HERBERT S. BIGELOW.

Congregational church, Cincinnati. Mr. Bigelow was introduced by his fellow clergyman, Rev. Thomas H. Warner.

Following the address a number of questions were asked and the purpose and plans of the Direct Legislation League were frankly explained.

A resolution endorsing the Initiative and Referendum was adopted by unanimous vote and a petition was signed asking the Ohio Legislature to submit to the people a constitutional amendment providing for direct legislation.

This petition was headed by Mayor Samuel H. McCleery.

Mr. Bigelow explained the proposed constitutional amendment as follows:

"The referendum provides that when an act is passed by the legislature it shall remain imperative for ninety days. If there is no petition for a popular vote on the act it goes into effect at the expiration of ninety days without a referendum vote. But if, within ninety days after its passage, a petition is filed with the Secretary of State demanding that the act be referred to a vote of the people, then the act cannot become a law at the end of ninety days, but is held in abeyance until the next regular election, when, in preparing the ballots for that election, the Secretary of State must designate this act on the ballot and provide for a yes or no vote. If a majority vote against the act it is thereby killed.

"It is not possible, however, to hold a measure up for popular approval except by a petition signed by 50,000 voters. These votes are all to be taken at the regular election. It is not expected that a popular vote will be required on many measures. But the right to do this will have a restraining influence.

"The fifty year franchise could never have been passed in Cincinnati if the people had been given a voice in the matter.

"The Initiative provides that any person or group of persons outside the Legislature may draft or have drafted a bill such as they wish to see enacted into law.

"They may have this bill presented in full upon petitions. If they can get the legal percentage of voters, 10 per cent, say, to sign these petitions asking for a popular vote on the measure, they file the bill with this petition with the Secretary of State and he sends it to the Legislature. If the Legislature passes the bill it becomes a law at once. If the Legislature rejects it, the Secretary of State must cause it to be designated on the official ballot and submitted to the voters at the following regular election.

"The people of the State of Oregon passed a direct option liquor law in this way and also a direct primary law.

"The present system for county officials would have been abolished years ago had it not been for the Initiative and Referendum.

"The Initiative and Referendum might have been used in this way the other day, to give the county option.

"The Direct Primary League might have used the Initiative and Referendum to measure directly to the people.

"The national value of a campaign and a direct vote upon these questions would be very great. This method would be far cleaner and more efficient than to go into politics as the Anti-Saloon League is now compelled to do.

"But the necessity for the Initiative and Referendum is more apparent in local matters and a bill will be introduced into the Ohio Legislature next winter amending the municipal code and applying the Initiative and Referendum at once to all acts of city councils.

endure at once to all acts of city councils.

"The use that might be made of this plan of voting on city ordinances is obvious. Take for instance such a measure as a screen ordinance, intended to assist the officers in enforcing the laws. Men in the city council, good men in themselves, may have personal or business relations with special interests affected by such an ordinance and may be importuned or perhaps even virtually blackmailed into voting against it.

"But the people favoring the ordinance, might, with the Initiative, place it on the ballot by petition and have it submitted to all the voters.

"If the voters adopted it, there would then be no doubt of its being the will of the people and its enemies would the more willingly submit to its enforcement.

"Moreover this way of settling such a question would be highly satisfactory to the councilmen who would be glad to escape the necessity of choosing between their public duty and their private interests.

"Jonathan Bourne, Oregon's recently elected United States Senator says: 'In my humble opinion, Oregon's direct legislation system is the safest and most conservative plan of government ever invented.'

The Rev. H. S. Bigelow who addressed a representative meeting on Tuesday evening at the convention room at the court house, impressed his hearers by his earnestness and his manner of delivery was most taking.

He is a true orator, not one of the gesticulating, hollowing kind, that we are ordinarily afflicted with, but he used a conversational time making his address, a heart to heart talk with his audience which gave him the closest of attention all the time of his discourse. The gentleman went into details and impressed his hearers with the practicability of the plan of the Initiative and referendum, and he feels certain that it will soon prevail to the extent that the people will soon enjoy the privilege of completely dictating the handling of their own affairs. The subject, while not new by any means, is in touch with the times and all the voters that have the welfare of the community at heart, should give the subject deep study.

Berlin, July 10.—A valuable portrait of Emperor Nicholas of Russia has been stolen from the Berlin national gallery. The theft was discovered at the hour of closing, when the guardians noticed that the frame which hitherto contained the picture was empty. No trace of the theft has been found.

THOMAS SPRICE AN AGED RESIDENT WAS FOUND DEAD

HAD BEEN AILING FOR SOME TIME AND DEATH WAS A RELIEF.

Had Come From Ireland Years Ago and Accumulated Quite a Competence.

Mr. Thomas Sprice, an aged citizen of Newark and of Irish nativity, was found dead Tuesday afternoon in a room in the rear of his property at the corner of German and Pataskala streets. He had been ill some time, and the members of Mr. Frank Loughman's family, who rent the house in the front part of the lot, say that he has not been in his right mind for some time. The old gentleman had recently lived the life of a recluse, and the small boys of the neighborhood, and Mr. Frank Burns, the milkman, waited on him for his small wants.

As he had not been seen for about 12 hours the small boys were curious to know how he was getting along and at about 4 o'clock Harry Loughman, with another boy, climbed up to the window of the shanty where he had lived and saw Mr. Sprice lying on the floor partly under the bed, and apparently dead. Frank Burns was present and gave the alarm and the ambulance of James McGonagle and Coroner Wiyarch responded. The body was removed to the undertaking establishment, and the coroner took charge of his effects.

Mr. Sprice was a man of property, owning the property on Pataskala street, and had recently disposed of a farm in Mary Ann township. Notes to the amount of \$570 were found on his person, and a trunk with other valuables is in possession of the coroner.

The deceased was quite an original character and was well known, being a man of unusual intelligence. He leaves a brother, Richard Sprice, who lives on Arch street, and a nephew, George Sprice, also of this city.

The funeral will take place at 9 a. m. Thursday from St. Francis de Sales church, interment at Mt. Calvary.
